Combined Arms Center Announces 9th and 10th (Horse) Cavalry's Capital Campaign for New Frontier Army Museum

FORT LEAVENWORTH, KS – The Combined Arms Center congratulates the 9th and 10th (Horse) Cavalry Association representing the Buffalo Soldiers for embracing an ambitious capital campaign to expand the Frontier Army Museum at Fort Leavenworth.

The 9th and 10th (Horse) Cavalry Association's campaign will fund the construction of a reimagined Museum that will be built outside of the gates of the military post to increase access to the public and better serve the community.

With more than 6,000 artifacts in its collection, visitors to the new facility will learn about the challenges, customs, and cultures of the Army before WWI. In addition, they will also better understand the importance of Fort Leavenworth in the exploration and expansion of the nation throughout the nineteenth century as well as its continuing role in soldier education.

Currently in the conceptual phase, the vision of the new museum is to provide a robust educational experience and join the landscape of iconic destinations for American history enthusiasts visiting the Heartland. Not only will the public experience the rich history of the Army from 1804 – 1917 but this new destination will provide significant economic impact for the area. The Army is excited about the commitment of the 9th and 10th (Horse) Cavalry Association to help make this effort possible.

The Frontier Army Museum collects, preserves, and safeguards material culture of the United States Army and uses its holdings to support Professional Military Education, collections-based research, the development of educational materials, and educational initiatives to inform the public concerning the history of the Frontier Army, the Combined Arms Center, and Fort Leavenworth.

The original collection began in 1938 when the wagon shop at Fort Leavenworth closed and the horse-drawn vehicles were relocated to the "Old Rolling Wheels Museum." It was officially recognized as an Army Museum in 1960 and has continued to preserve one of the finest collections of nineteenth century military artifacts in the country.

9th & 10th New Capital Campaign For Our New Museum

What an exciting time for our Association! What an AMAZING opportunity we have been given to Preserve Our Historic and Storied Legacy along with the U. S. Army Combined Arms Center.

Our Mission

The U. S. Army Center of Military History, "Frontier Army Museum", is currently housed on the Fort Leavenworth, Kansas campus. The Frontier Army Museum provides visitors with an understanding of the challenges, customs, and cultures of the Frontier Army from 1804-1917. Fort Leavenworth is also home to the historic monuments which celebrate the great legacy of the Buffalo Soldiers and their history engrained in this great institution - known as "Buffalo Soldiers Park" aka "Circle of First".

While this Museum tells the U. S. Army story, it is not publicly accessible. In an agreement with the U. S. Army, The Ninth and Tenth (Horse) Cavalry Association's capital campaign will fund the construction of a new and reimagined Museum that will be built outside of the gates of the military post to increase access to the public and better serve the community. This access gives all the opportunity to share in and experience a world class museum designed to collect, preserve, and safeguard the material culture of the United States Army including the Buffalo Soldiers and their storied military History.

Our New Museum Building Capital Campaign is actively in the planning stage. Under the direction of the **New Museum Committee Chairman, Captain Paul (PJ) Matthews** we are positioned to successfully complete our mission!

This mission will require ALL of us to participate to be successful, our chapters and our association members at large. We must LEAD the way in building OUR new museum! Chapters are being asked to set a giving goal into the building fund and we will be reaching out to our members at large for your necessary participation.

So, start now planning your participation to be a part of Preserving Our Great Legacy and helping to build a beautiful edifice that will honor Our Gallant Buffalo Soldiers and the U. S. Army's Military History.

Please stay tuned for the Official New Museum Building Campaign Kick Off and all the information on how YOU, your Families and Friends along with other campaign donors will be able to participate in this awesome mission!

We are excited and look forward to working with each of you! **This Mission is OURS to achieve!**

Thank you

From Our President's Pen

Greetings, 9th & 10th (HORSE) Cavalry Family,

Once more, I trust this communication to our Association finds you safe and remaining pandemic resilient! As this administration progresses, I have worked diligently to work with our Board members on our Association's behalf, while achieving varying degrees of success. Most recently, I can announce fulfillment of my committee appointment requirements, with Trooper Bruce Mitchell's acceptance of our Ways & Means and Audit Committee Chair assignments. Trooper Mitchell's acceptance of this assignment is much appreciated, and I look forward to continuing work with all Board members on clarifying, publishing, and educating ourselves on the practices associated with Board members' roles. As our 2nd quarter closes, I thank you for working with me while focused steadfast on governance tenants. As always, you are encouraged to provide your inputs and answer calls for support.

Our Association is raising funds in support of the Iron Riders event, in June 2022.

We are also moving forward with the Fort Leavenworth community museum project as we stoke our initiating phase. Your fiscal support is sought with these initiatives. Chapter Presidents and Members-at-Large Representatives are soliciting our membership for support. Please, answer the call with your best available response.

Our Lawton/Fort Sill Chapter continues work as our 156th Reunion Hosts to lock in the itinerary for our coming reunion. You will see more announcements and registration details soon. The Board will also continue to be briefed on progress on our monthly calls. We look forward to our host presenting an awesome facing and virtual reunion and seek your committed support.

I appreciate those Troopers that continue to "Answer the Call". Please know, our founders appreciate our nurturing, owning, and growing their vision!

Always know, I appreciate the opportunity to serve and continuing to learn while we achieve!

Yours in Service,

Michael Theard

Chaplain's Corner

Greetings 910HCAV Troopers! Ladies and Gentlemen:

Much is the need for our consistency in Prayer. I hope these words of greetings find each of you well and in a good, strong spiritual relationship in Jesus Christ. The need for all to have a faithful, trusting relationship the Lord for me is paramount. I encourage it is or become paramount for each of you. My wife Trooper Eunice recently as of January 24' 22 underwent Knee Replacement Surgery, we are now in rehab and she is progressing very well. She is not without pain but she is a fighter. Even with the Power of prayer the agony of pain can still be a haunting force. Our prayer is for healing and completeness as God would have it. His Will must be done.

The Pandemic report as of this writing Feb 8, 22 is that the need for staying safe is still needed. Wearing the mask, get vaccinated, boosted and follow the Science as we understand that God gives to us Doctors and Scientist's, Chemists, Prophets, Preachers and Teachers. Just remember, nothing happened except God is aware and though he may not be at fault or the cause of tragedy, He does provide a way out for those who truly Love Him.

Alas, stay safe, expect that God will lead you if you are willing to be led. May the Lord bless and keep the Association in forward motion. We can We Will. Ready. Forward.

Blessings to each of you,

Chaplain Eddie Sumbler

Fiddler's Green

When a cavalryman dies, he begins a long march
to his ultimate destination. About half-way along
the road he enters a broad meadow dotted with trees
and crossed by many streams, known as Fiddler's Green
As he crosses the green, he finds an old canteen,
a single spur, and a carbine sling.
Traveling along he comes to a field camp
where he finds all the troopers who have gone
before him, with their campfires,
tents, and picket lines neatly laid out.
All other branches must continue to march without pause.
The cavalrymen, though, are authorized to dismount,
unsaddle and stay in the Fiddler's Green,
their canteens ever full, the grass always green
and enjoy the companionship and reminiscences of old friends.

The Buffalo Soldier Corps On The Move.... A New Youth Summit Adventure

The Buffalo Soldier Corp next Youth Summit Adventure! Mammoth Cave, Kentucky/Louisville KY.

June 23rd - June 26th, 2022

Mammoth Cave: <https://www.nps.gov/macalearn/historyculture/african-american-history.htm> (Click the Link to watch) Mammoth Cave began forming around 10 million years ago. To date, explorers have mapped and surveyed more than 412 miles of cave passage, making Mammoth Cave by far the longest known cave system in the world. The explorers are still discovering new passages, and they often say that "there is no end in sight." The name "Mammoth" was first used to describe the cave in the early 1800s. It refers to the "mammoth" size of the cave's chambers and avenues. From the beginning of the Mammoth Cave's re-discovery by modern man, African Americans played a vital role in every era of its rich history. Their work and contributions helped to shape the cave to what we experience today. They were some of the first tour guides and workers creating and shaping it into its current beauty. In the video You meet Ranger Jerry Bransford whose ancestors worked and shaped and provided tours of the caves. We had the honor of meeting him and having him do our tour. The National Park Service Rangers have an awesome plan for our youth and adults who will be joining us on the amazing adventure. This will end in a community wide event show casing our Buffalo Soldiers History and Legacy. Plan now to attend this FUN and HISTORIC Adventure!

Trooper Johnnie Taylor's Jr. Buffalo Soldier Day Camp: Phase II of our Youth Summit will culminate with a full Buffalos Soldiers Day camp featuring Buffalo Soldier history, Indian history, horsemanship, marksmanship and more... Trooper Taylor has prepared a great day of activities for our Youth and adults with learning and having fun. We plan to visit Muhammad Ali Museum and The Kentucky Derby Museum featuring the African American Black Jockeys and the African American Debry history including a display from Trooper Taylor himself! Some good food and fun!

Army promotes Kentucky's Charles Young to Brigadier General Posthumously

He was **third Black graduate from West Point**, and was a Colonel upon retirement. In a letter dated Nov. 1, 2021, Under Secretary of Defense Gilbert Cisneros Jr. informed the chairs of the U.S. House and Senate Armed Services committees of his decision to approve the request, and Secretary of the Army Christine Wormuth informed Charles Young's family of the promotion on Jan. 19, 2022. "Charles Young was a pioneer, especially in his military career, but also throughout his life," said Gov. Beshear." Charles Young was born in Mays Lick, Kentucky, to enslaved parents in 1864. He valued education throughout his life and graduated with honors from high school in Ohio, where his parents' escaped slavery. Young taught elementary school and eventually entered the U.S. Military Academy in West Point, New York, where he was its third Black graduate. He went on to become the first Black military attaché to a foreign country and served in various assignments from Haiti and Liberia to Mexico and Nigeria. When he was medically discharged from active duty, Col. Young was the highest-ranking Black officer in the military, having been promoted to colonel. You can learn more about the life of Charles Young on the National Park Service [website](#). ← Click it.
